General Information

LOCATION — The Belvoir Farm Shorthorn dispersion will be held at the Fauquier Livestock Exchange, Marshall, Va., located at the jct. of Routes 55 and 709. This sale barn is completely under roof, has a heated sale pavilion and restaurant facilities. It is located two miles from Belvoir Farm.

TIME — Saturday, March 2, 1968. Auction will start promptly at 11 a.m., EST.

TELEPHONES — The telephone number of the Fauquier Livestock Exchange is (703) 364-4861. Telephone number of Belvoir's manager Elmer Rutter is (703) 253-5126. Telephone number of Harris Simons, sale manager, is (312) 896-8511.

SALE HEADQUARTERS—Howard Johnson's Motor Lodge, Warrenton, Va., located on the Warrenton By-pass. Telephone (703) 347-4141.

TRANSPORTATION — Belvoir Farm is only 40 miles from Washington, D.C.'s National airport and 30 miles from Dulles International airport. Washington is also served by a number of railroads and the Interstate Highway System makes it easy to reach from any point in the continental U.S. Planes and trains will be met in Washington and planes will be met at Dulles International if advance notice is given to either Elmer Rutter, manager of Belvoir, or Harris Simons, sale manager.

HEALTH — The Belvoir herd maintains high productivity standards and exercises the most stringent health measures. Each animal selling has complied with the health regulations of Virginia but **buyers should make themselves aware of any variance between the laws of Virginia and of their home state.** A qualified licensed veterinarian who has been in charge of the Belvoir herd since its inception, will issue interstate health papers on sale day. All of the bred females will be pregnancy checked. All breeding dates will be available sale day.

GUARANTEE — **Bulls**, Lots 1 through 7, are sold under the standard guarantee endorsed by the American Shorthorn Ass'n. Please note that a requirement of this guarantee is that notification of failure to breed be made within six months of the date of sale. Bull calves under one year on sale day are not guaranteed.

Females: As is the custom in dispersions there will be no guarantee on females. Every bred female will be pregnancy examined before the sale. The females selling with calves at side have their own guarantee that they are breeders. Every mature female in the sale is a regular producer. All information on breeding dates will be made available to the buyers sale day.

TERMS — Terms of the sale are cash or check to the clerk at the conclusion of the auction unless other arrangements are made in advance with Belvoir and the sale manager. All sales are final as soon as bid off and constitute a contract between buyer and seller. Belvoir, its owners, employees and management are not responsible for accidents that may occur. All attending this sale do so at their own risk, although every precaution will be taken to guard against accidents. The sale manager, auctioneers, ringmen and clerks were hired for specific promotional and clerical tasks and have no connection with the contract, handling of the cattle, condition of the premises and assume absolutely no liability.

INSURANCE — All purchases are at the risk of their new owners as soon as bid off, and we strongly urge that they be insured. Insurance will be available sale day.

LUNCH — Will be available on the grounds.

PEDIGREES — A certificate of registration and transfer will be furnished for all animals and properly signed application will be furnished for the registry of unborn calves.

AN ENDORSEMENT OF THE HERD —

For the past seven years it has been my pleasure and privilege to be associated with E. DeLong Bowman and the Shorthorn herd at Belvoir. They have been seven enjoyable years as we have assembled and built what I believe is one of the most outstanding cow herds in the business. With the initial purchase of the Willow Lee Farms herd, a strong foundation was laid and it has been our purpose to build as rapidly as time would allow.

ELMER RUTTER

The success of the Belvoir show herd and the steers that have gone out to win major championships points up the fact that our efforts have been in the right direction. However, the practical side of the cow business has never been lost at Belvoir in the pursuit of show ring wins. The cow herd is outside the year-round and every cow must produce a calf regularly or she is culled. Calfhood vaccination has been practiced and calves are weaned from their mothers at eight months and no nurse cows are used.

I give you my assurance that this is a producing herd. Every bred female will be pregnancy checked before the sale and those not bred will not be sold. I know that these cattle are as sound structurally, their pedigrees are as strong, and their productivity as good as any that will sell or have sold. I look forward to seeing you sale day. If I can be of any help to you please feel free to call on me.

Elmer Rutter, Cattle Mgr.
Belvoir Farm

FROM THE SALE MANAGER —

HARRIS SIMONS

After careful inspection of the entire Belvoir herd, giving my complete and whole-hearted recommendation is in no sense of the word stretching a point. However, the recommendation comes with a bit of reluctance, since the March 2 dispersion will break up one of the East's largest, highest quality and most productive Shorthorn herds.

Owner E. DeLong Bowman spared no time, effort or expense in founding the Belvoir herd. The initial foundation came 12 years ago with the purchase of the entire Willow Lee herd in Ohio. This was one of the most popular herds in the country and its reputation was backed by numerous show winners and sale toppers. The Willow Lee herd was strong in the powerful, potent breeding of Drynie Wonder and Drynie Conquest. Through the years Mr. Bowman and the manager, Elmer Rutter, have maintained and strengthened the Willow Lee quality in the Belvoir herd through the wise use of sons of these two great bulls in addition to the popular Scotsdale Musketeer.

The Belvoir herd has not been campaigned extensively, but when they did make an appearance on the tanbark, Belvoir animals always stood in or near the winners' circle. As an example, for three years in a row Belvoir showed the grand champion bull at the Virginia, West Virginia and Maryland state fairs.

Also, pay particular attention to the large number of steer winners Belvoir has produced. The production of meat animals is proof of the puddin' of any beef breeding program, and in this field Belvoir has excelled.

Before attending the sale, be sure to take a look at the production facilities at Belvoir. You'll see that cattle are maintained outside on a year-round basis. At Belvoir you're buying proven, consistent producers and not the cream puff variety.

Here is the opportunity of a life time. Everyone knows that only in dispersions are truly great foundation cows made available from any herd. At Belvoir you'll find stock bulls and brood cows that year after year have produced exceptional quality and they will do the same for you.

I urge you to make motel reservations today. The investments you make on March 2 will have an unending influence on your herd and the future of the breed.

HARRIS SIMONS, The Shorthorn World

TO WHOM IT MAY CONCERN:

In the several years during which the health of the Belvoir Farm Shorthorns has been my responsibility, there has been no evidence of contagious diseases. Annual tests for tuberculosis and brucellosis have maintained the herd's accreditation for these diseases. A continuing program of pregnancy examination has revealed no breeding diseases, and together with a policy of the management to eliminate poor breeding prospects, has left us with a group of cows which should continue as good breeders.

Jan. 22, 1968

Aberfeldy Heir, supreme grand champion 1967 International Livestock Exhibition, Chicago. He is a double bred grandson of Drynie Conquest, whose influence is so great in this sale offering.

Every productive Shorthorn female on Belvoir Farm sells in this dispersion. There has not been one Shorthorn female sold out for breeding purposes. The only Shorthorn females to leave the herd have been those that were questionable breeders and they were sold for slaughter.

The Belvoir Dispersion Sale will start promptly at 11:00 a.m. Eastern Standard Time.

Extensive footnotes have not been prepared for this catalog, since we feel that the cattle will speak for themselves. The reference sires and service sires listed at the front show the strength of the offering. Footnotes consist entirely of information concerning calves at side and service sires.

**WILLOW LEE WONDER 17th**

WILLOW LEE WONDER 17th — One of the greatest sires of females breed has ever known. He was used very successfully in the Willow Lee herd and 35 daughters came to Belvoir when they purchased that herd in its entirety. They have proved to be outstanding brood cows and their uniformity is the talk of all who see them. They have crossed extremely well with Scotsdale Musketeer and Willow Lee Benefactor 8th. His influence on this sale offering is tremendous as many daughters and granddaughters are included in addition to the son that was selected to carry on his improving qualities, Willow Lee Emaculate 7th.

WILLOW LEE BENEFACTOR 8th — A tremendous stock bull that stayed sound and out in the pasture until his death this past summer. He is sired by the \$8,000 Lawton Benefactor and is out of the great imported cow Drynie Nonpareil 49th, an own daughter of Drynie Conquest. The champion steers sired by this bull are too numerous to list here but they have included interbred champions at the Eastern National, Pennsylvania National, Virginia State Fair and other strong shows. His get-of-sire in major shows has also always stood up well. Pictures of some of them are scattered throughout this catalog. There are several half sisters to these winners in the sale along with many of their dams.

BELVOIR PREFECT — The son of Scotsdale Musketeer that was selected to further his sire's great influence in the Belvoir herd. He will be the service sire of a number of females selling. Due to an unfortunate accident this past fall Belvoir Prefect was lost. He was an outstanding young bull and we are sure that his calves will be a step forward for the breed. Note that he is from the Roth's Queen cow family that wrote breed history at Maxwalton Farms.

SCOTSDALE MUSKETEEER — Supreme champion of the 1955 and 1956 Royal Winter Fairs at Toronto and the senior champion of the 1956 International Livestock Show in Chicago. He is sired by the 1952 Perth supreme champion Calrossie Prefect, whose get are noted for their size and substance. Musketeer was used in the Scotsdale herd at Georgetown, Ontario, until they were persuaded to sell him to Belvoir in 1961, after his half brother Scotsdale Navarre was named supreme champion at the Royal. He has left a great group of daughters in the Belvoir herd, mostly dark red and all of excellent size. Several females in this dispersion will carry his valuable service.

SCOTSDALE SPENCER

SCOTSDALE SPENCER — Selected as a calf on the same buying trip in which Belvoir bought Scotsdale Musketeer. Spencer was developed by Belvoir and shown to the grand championship of the Virginia, West Virginia and Maryland state fairs in 1963. His sire, Scotsdale Lucifer, was the grand champion of the 1956 International Livestock Show and left sons that were noted for their size. Note that Spencer is a double-bred grandson of the Perth supreme champion Calrossie Prefect. His use has been limited in the past years since Belvoir was breeding most of the cow herd to Scotsdale Musketeer and Willow Lee Benefactor 8th, but the breeding program called for him to see service in the future on the daughters of these bulls.

BELVOIR CONSTELLATION x — Perhaps the most useful Polled bull to sell this year. He is not in fancy rig as he has run with the cows all of his life. There are a great many females selling bred to him and there are a number of heifer calves selling at side of dam, sired by him. He is a 100% dehorned. Constellation headed up our Polled unit, which was sold to Harry Peters, Orange, Va., in its entirety and there were many excellent prospects at side of dam in that group. This is one of the strongest Polled pedigrees that can be written. Louada Nugget is adding character and fresh blood to the Polled branch of the breed. Scotsdale Lexington x was the only Polled son of the Perth supreme champion Calrossie Prefect. Uppermill Austin was used very successfully at Hawthorne Farms and note that the dam's side goes back to a Drynie Rosewood. Lanedale Leader 2nd x was a \$5,000 son of the immortal Carona Fascination x. Bapton Constructor needs no introduction.

**THE TIME AND PLACE TO IMPROVE
YOUR HERD**

Advice that veteran cattlemen give to breeders just getting started or to breeders wishing to expand their herds is to attend dispersion sales. Only there are the cows that have made the herd famous offered for sale and that is the fastest and surest way to get your herd ahead.

The Willow Lee herd of Dr. O. W. House at Washington C. H., Ohio was one of the strongest units ever put together. Belvoir purchased the Willow Lee herd in its entirety. The influence of this great herd of cattle is offered to the public in this dispersion sale.

Calrossie Highland Chieftain, the top selling Calrossie bull at the Perth Shorthorn sale in 1953, where he went to Kickapoo Farms, Kenosha, Wis. His influence throughout the breed has been tremendous and this influence carries over into this sale offering through such outstanding females as Lot 45.

MARELLBAR GRACEFUL — Bred to Scotsdale Musketeer.

The story of a great cow is told on this page and the ones that follow. Marellbar Graceful was purchased by Willow Lee and then came to Belvoir when they purchased that herd. She sells as Lot 78 in this sale; five daughters are also included, in addition to two granddaughters. That this is a prolific line is self evident, that they are good cattle, is indicated by the many that have been kept in the breeding herd. This kind of breeding is only available in dispersion sales.

Bapton Constructor, a stock bull that needs no introduction to breeders of the modern Shorthorn era. He is the only Shorthorn bull to be imported from Scotland and then to be exported back to that country. His sons have forged a stronghold in the breed that is unsurpassed. Lot 79 is a daughter.

LEWISFIELD AUGUSTA JEWEL — Bred to Scotsdale Musketeer. *Open*

First-place junior get-of-sire 1961 International Livestock Show, sired by Shirgarten Ranger. Ranger was used very successfully in the Eldak, Borsota and Lewisfield herds. The Lewisfield dispersion, featuring his get and service, was one of the all time great sales in the East. Several females in this sale are sired by him.

You have now reached the end of this catalog. By now you have noted the similarity of breeding of many of the lots selling. You have noted the excellence of the sires and service sires. You have noted the productivity of the herd through the many calves at side and calves born during the past year. Now you should make a note to be in attendance sale day March 2, to share in a truly great offering of Shorthorn cattle.
